DELHI GLOBAL INSTITUTE OF MANAGEMENT AND RUHIL FUTURE TECHNOLOGIES

We have always strived to serve society by empowering young minds with education that blends academic excellence and practical exposure. Our collaboration with Ruhil Future Technologies marks a significant milestone in this journey. Together, we aim to nurture entrepreneurial talents and equip students with the cutting-edge skills required to excel in today's rapidly evolving world.

KEY HIGHLIGHTS OF THE AI PROGRAMS

JOB OFFER LETTER ON ADMISSION

Students will receive a job offer letter at the time of admission, ensuring career security from day one.

STATE-OF-THE-ART AI LAB

DGIM is setting up advanced AI laboratories on campus to provide hands-on training with the latest tools and technologies.

ON-CAMPUS TRAINING

Our courses include rigorous training programs to ensure students master AI concepts and applications.

EXPERT LECTURES FROM GLOBAL INSTITUTIONS

Gain unparalleled exposure through special lectures delivered by renowned professors from prestigious institutions like MIT and other reputed universities.

UNMATCHED LEARNING EXPERIENCE

The exclusive exposure and learning environment offered by DGIM's AI programs are designed to provide a transformative experience that you won't find anywhere else.

CORPORATE AT CAMPUS

We Bring Industry to the Campus, Giving Students the Best Exposure to Work and Research.

MBA IN AI & DATA SCIENCE

The MBA in AI & Data Science at DGIM is a groundbreaking program designed for the next generation of business leaders and innovators. This 2-year program blends advanced business management principles with cutting-edge artificial intelligence and data science techniques. The curriculum is tailored to meet industry demands, ensuring students gain both theoretical expertise and practical experience in one of the fastest-growing fields.
